Re: Scheduled on-call virtual information sessions

The new scheduled on-call (SOC) model represents the biggest service change in our organization's history. As mentioned in [this recent joint memo](#) and in the [February BCEHS Ops Update](#), in-person engagement sessions about SOC have been underway in Northern BC, Vancouver Island and will take place in March in the Interior.

To ensure all who wish to participate can do so, voluntary information sessions will also be available in virtual format on the following dates:

- **Tuesday, February 25:** 3:30pm to 4:30pm
- **Friday, February 28:** 2:00pm to 3:00pm

These *audio-only* sessions will be run through Skype. Details on joining these conference calls are included in this memo.

These sessions will not contain presentations. Like the in-person sessions, they are question-and-answer opportunities. Please send your questions in advance to towards2022@bcehs.ca and/or bring your questions to the session.

To review the SOC Memorandum of Understanding, please see the [HEABC Summary of Changes](#) document.

Sincerely,
