Dear Members;

**Re: Scheduled On-call Phase out – Member feedback**

---

As per the newly bargained Collective Agreement, Scheduled On-call (SOC) staffing model will be phased out at the remaining 60 SOC stations. The new staffing model replacing SOC will be shaped by input from members at these stations.

Members at SOC stations will soon receive an invitation to provide feedback on what kind of staffing model they feel would work best for their station. These staffing sessions will be hosted by APBC in conjunction with BCEHS, and will run from May 24 to June 2, 2023.

Please click [HERE](#) to see a joint memo providing more information on these feedback sessions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jason Jackson', is located below the 'Sincerely,' text.
