Dear Members;

Expression of Interest: Supervisory Working Group Feedback

During the 2022 bargaining process the parties negotiated a Supervisory Working Group to review the supervision model currently being used.

The union is seeking interested members, who are currently working as Unit Chief's in their respective stations, to share their feedback and concerns on the supervision model with this working group. Your feedback will provide insight into what is working and what could be changed to improve the current model.

These feedback sessions will be held over zoom, on December 21st, December 22nd, January 4th and January 5th, from 10 – 11 AM and 1 -2 PM each day. We will arrange for additional future dates if the need arises.

We will also be using Slido during these sessions. Slido is an online platform where participants can post questions and vote them up/down in order of importance. These questions will then be answered during the zoom sessions. Slido will be open for question submissions from December 5 to January 5, 2024.
