Dear Members;

**Re: 2024 Wage Grids**

We are happy to report that members will be receiving a 3% wage increase effective the first full pay period after April 1, 2024.

This increase includes both the maximum cost of living adjustment (COLA) as well as the year 3 general wage increase which were both negotiated during the last round of bargaining.

Please see Year 3 wage grids attached [HERE](#).

Sincerely,

Jason Jackson  
Provincial President
