Dear Members;

Re: BCEHS Summer Response Plan Update

As you know BCEHS and APBC have agreed to an interim measure to fill vacant full-time positions province wide to prepare for the extreme weather and emergency department closures anticipated this summer.

The parties have identified twenty-three (23) stations as priority stations for temporary units. Stations were chosen after consultation with both parties and through review of organizational data. We understand that stations and shift times may require changes as the summer months proceed. Please see below information for stations receiving additional temporary units.
